

## High performance lubricant for reciprocating air compressors

### Description

DAYAN COMPRESSOR P SERIES are a premium quality reciprocating air compressor lubricant. It is based on a blend of specially selected base oils to provide a level of performance approaching that of synthetic oils.

### Features and benefits

- Reciprocating air compressors
- Breathing air compressors

### Applications

- Prolonged service intervals
- Safe air lines
- Very good oxidation resistance
- Very good rusting and wear protection
- Very good air release and anti-foam properties
- Very good water separation properties

### Product and environmental safety

Based on available information, this product is not expected to produce adverse effects on health when used for the intended application. This product should not be used for purposes other than its intended use. If disposing of used product, take care to protect the environment.

The DAYAN trademark is registered and protected in Iran.

## Technical Data

Test	Units	Method	68	100	150
ISO Viscosity Grade	-	-	68	100	150
Base Oil Type	-	-	Naphthenic	Naphthenic	Naphthenic
Relative Density at 15°C	g/ml	ASTM D4052	0.89	0.90	0.90
Kinematic Viscosity at 40°C	mm <sup>2</sup> /s	ASTM D445	68	100	150
Kinematic Viscosity at 100°C	mm <sup>2</sup> /s	ASTM D445	7.9	9.3	12.5
Viscosity Index	-	ASTM D2270	76	55	65
Flash Point	°C	ASTM D92	220	235	240
Pour Point	°C	ASTM D5985	-27	-27	-21

Note:
